We will accept up to the **first 30** forms and checks!

Make Checks Payable to Fishers High School

For more information, email Phillip Albonetti at
palbonetti@hse.k12.in.us

COVID Precautions

We will follow all state and school mandated procedures during this course. Since those procedures are subject to change, we will send an email closer to the start date so students will know what they need to do (regarding mask wearing, social distancing, etc.)

We do not plan to offer hybrid instruction for this course. **Students returned to the building back in the fall, and we will offer this SAT prep course in-person accordingly. We do not plan, at this time, to instruct students virtually using Zoom.** However, if a student must go home to quarantine, then that student will be allowed to participate virtually. Our default instructional method will remain in-person instruction.

All that said, the prior school year has taught us to prepare for the worst. In the unlikely event that HSE Schools mandates no in-person instruction, then we will move the entire class to virtual instruction on Zoom.

During in-person instruction, the SAT teachers will do the following:

- Follow all social distancing protocols
- Follow mask protocols, as determined by HSE Schools and the Fishers Health Department

Please let us know if you have questions, and we thank you for the opportunity to serve your family and educate your student.
